STUDENTS PLAN AN ACTIVE YEAR

Corney Turns the Trick

The Girls' Athletic Association is preparing an all girls cast in a three-act comedy. "Corney Turns the Trick", will be ready for production by 8:00 P.M., Thursday, November, 30, 1939.

The girls have had quite a time practicing. Most of the rehearsing has been done in the classrooms, due to the absence of electric lights in our newly remodeled gymnasium and auditorium.

All the actresses belong to the G.A.A. and are giving the play to raise funds for the Club treasury.

Tournament Is At Standstill

The schedule on the bulletin board is progressing very slowly, and if it isn't speeded up, the weather will prevent it from being carried out.

The leaders in the various sports follow: Ping Pong, Wayne Jackson; Badminton, Doris Bellows; Horse Shoes, Victor Hay; Tennis, Eddie Crandall, and Eddie Dahack.

If the ones that are holding back the tournament do not play their games, they will have to forfeit their positions in order that the schedule be finished before it rains.

DAVID HANNAFORD ELECTED PRESIDENT

The E. P. Student Body has a really fine school spirit this year. There are very few students in school who don't belong to the Organization and who aren't behind every successful venture so far this year. The membership enrollment this year is fifty.

A most competent group of officers was elected at the end of the first six weeks period. President David Hannaford is quite a leader and all his interest is with it. Vice-president Sandy Clave hasn't had a chance to show his ability yet this year as Mr. President has so far, always been right on hand. Secretary-Treasurer, Joan Holmes has been rushed hither and yon continuously since she has taken over the duties. The main rush at first was the sale of Student Body tickets, but right at present it seems to be keeping the G.A.A. and the "Eagle's Quill" money from becoming mixed with that of the Student Body's.

Let's work hard at our activities and do them well. This is as good a year as any to show just how much a well-organized group is able to do.

Don't you think you non-members should get your tickets?

Eagle's Quill

THE STAFF

Editor-----Jessie Beaulieu
 Assistant Editor-- Joan Holmes
 Business Manager- Eddie Dahack
 Printing Manager-- Sandy Clave
 Artist----- Martin Burke
 Sports Editor----- Louis Walch

The Eagle's Quill is a student publication, printed semi-monthly by the students of the Eagle Point School. The subscription rate is twenty cents a semester or thirty-five cents per year.

Our policy for this year will be: to serve our readers with an accurate account of activities and happenings in our school and community and, by so doing, to make friends, to give publicity to students who achieve and, at the same time, to serve as an outlet for student talent.

HOW'S YOUR SCHOOL SPIRIT?

Is everybody happy? Let's try getting that way by acting just as we wish everyone else would act. So far, the co-operation with our staff has been amazing from all who have helped, but where the interest isn't---well, we just don't get even a little bit of encouragement.

Now, anyone who has even a little spark of talent burning along along certain lines of ideas, we want him to show it in the edition of our paper. You see, this news paper isn't just a few sheets of paper run and owned by a certain group of people. It is your paper. It's yours and your neighbor's, and everyone else's in school who has true school spirit and is a member of the Eagle Point Student Body.

The more the merrier, is our motto pertaining to the number of reporters, helpers, assistants, and students that we would like to have taking a real interest at heart in the publishing of the Eagle's Quill.

If you want the school itself to get a little bit of credit for having a pretty good paper, and perhaps, increase our Student Body funds, you'll just have to get in and help us work this thing out. Come on everybody, let's make each edition better and better, until we have the best. How about it?

Editor J.B.

Up Pops the Eagle's Quill

After a lapse of years, the Eagle's Quill again comes to life. Once more there will come from the school press all the news about the activities, class work, and the social life of the Eagle Point High School. In addition, the elementary grades will have a place on the news sheet.

It is especially commendable that the revival of the "Quill" comes, not from the teachers who are master hands at thinking up tasks for students to do, but from the students themselves. The task will fall largely into the hands of a staff of three capable students, Jessie Beaulieu, Edgar Dahack, and Sandy Clave. There is no doubt but what they will be ably helped by the assistants they have chosen. Perhaps these students have not yet grasped the magnitude of the task before them, but the greater the task, the greater the benefits that will accrue to those who engage in them.

Every student in the institution ought to do his part by becoming a subscriber, and this ought to be equally true of the citizens of the surrounding community which this high school serves.

Mr. C. L. Davies

WHAT'S NEW

The pupils of the Eagle Point High School wish to thank the School Board for the many 'revises' they have made since last spring.

A new clock is now ticking off the minutes of the day in the

room 11. Last year it was very inconvenient because there was no clock in there.

This year is the first year a course in Physics has been offered in this school, and from what I hear, it is really a "wizard".

The gymnasium has been remodeled with a new addition on the south west side. The seating capacity is a lot larger this year with bleachers on both sides. We also have a new Shower room with four hot and cold showers. The other shower room was remodeled and made into a cozy little school room for the lower grades of the Grade School. Now we also have a fine ticket office which we hope will prevent the ducking in of the

smaller youngsters when the ticket girl isn't looking.

A new electric class bell has been installed in the high school, which also rings in the science laboratory and the Gymnasium. It works just fine (that is, if Miss Olson doesn't forget to ring it).

Our floors were sanded and varnished during our summer vacation which is a big improvement. They make the school rooms brighter and more cheerful looking.

Mr. Hay purchased more useful science equipment for the use of the science classes and also for the biology class.

We ought to win all of the basketball games this season, for the student body purchased two new basketball for the boys this year.

Leila McGraw: (after passing the village blacksmith shop) "Mother, I just saw them making a horse." Mrs. McGraw: What makes you say that? Leila: Well, they just finished nailing on the feet.

We Juniors organized October 30, 1939. Our officers are President, Joan Holmes; Vice-President, Eddie Dahack; Secretary, Lucille Vieaux. By the way, the first three officers were the same as last year. They must have done all right huh?

We think we have a nice class and no wonder. Look who's in it Eddie Dahack, Audrey Knighten, Joan Holmes, Willard Walsh, Beatrice Gaster, Alfred Sheehan, Lucille Vieaux, Harry Frey, Martha Alch, Martha Burke, Marie Davidson, Nova Chesnut, and George Jackson. Sorrowfully we send congratulations to the Freshmen. They seem to have cornered the blue cards this time. Now what smart juniors did they sit by? We wonder. Could it have been Eddie or Willard?

Our class is stalled at present over its financial problems. The Junior-Senior Prom is going to be good this year but we've got to get some cash. Who wants to sit at a table in the hall and sell pop and candy? Of course, it is one way to get the dough, but if any bright person can think of a way to earn some cash without sitting at a candy stand all noon hour! Please consult one of the juniors.

Day after Turkey Day is vacation time around these parts. The school doors will be locked tightly.

GIRL'S DISPLAY ATHLETIC TALENT

Although the outstanding athletes of the girls Physical Ed class do not measure up to last year's standards, all of the members are taking a lot of interest in the sports. They are still playing soft-ball and will continue to do so until the weather prevents it.

Many of the girls are learning to play horseshoes and tennis. Some of the girls have proved to be pretty good when it comes to patching horseshoes. There aren't any tennis stars because the boys are so much better. The girls don't have much chance--especially when they meet up with Eddie Crandall and Johnny Woodrich.

THANKS to OUR SUPPORTERS

In appreciation for your patronage Mr. and Mrs. Subscriber and Mr. and Mrs. Advertiser, the whole staff of "The Eagle's Quill" wishes to thank you wholeheartedly.

We also hope that you'll remember to loan our big, little paper to all your friends, so it will continue through the year as much success as it has begun.

Thank you sincerely

FROSH NEWS NOTES

The Freshman science group enjoyed a very good dinner November eighth. Mr. Ray put on a short slide projection, which everyone appreciated. The dinner was nicely planned by chief cook Frances Davidson, and helpers Dorothy Young, Margaret Henry, and a few others. Everything turned out fine, except a few boys were a little bashful and ate their own lunches beforehand.

On Wednesday, October twenty-fifth, the Freshmen elected officers for the year of '39-'40. They were as follow: President, Leslie Scott; Vice-President, Dean Chamberlain; Secretary, Frances Davidson; Treasurer, Leila McGraw; Representative, Harry Hanson.

Who got the Blue Birds?

Several Freshmen girls cooperated with Mr. Millard in the Minstrel Show. The vocalists, Dorothy Young, Margaret Henry, Donna Galbreath, Leila McGraw, and Jean Millard did nicely.

Elmer Lemish Says, "Most classes are like dreams, you have to be asleep to enjoy them."

Music

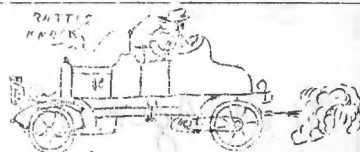

Our Orchestra, consisting of nineteen students, augmented by a half dozen graduate students, under the leadership of Mr. Millard continues to make fine progress.

A group of our band members, combined with the Gold Hill High School, furnished the Music for the Gold Hill Fair, as well as a patriotic picnic at Grants Pass, early this fall.

Eddie Craniall has broken out with a case of "musicitis", and spends a lot of time mastering the technique of clarinet playing. And is he "going to town" with it!

One of the major features of the fall season was the Minstrel Show and Concert in our Gymnasium Auditorium, Wednesday evening, November fifteenth. The Chorus revealed some fine vocal talent, and our minstrels did their parts well. Our orchestra, augmented by the Gold Hill School Orchestra and Accordion Band, rounded out fine evening's entertainment.

Our Orchestra now possesses a fine bass drum, which is being played by Vary Karnish. Thanks to our School Board for their interest in our needs.

GENERAL
OVERHAULING

Well, here we are Seniors at last. We 've gone to school along time just to began this year, we had sixteen high, and mighty seniors Boy, did we think we were good! Then one of the 'Sonsof Texas and another of our old last year students joined us bringing our class up to the grand total of eighteen. But alas and alack! "Tex" left us, taking our class, also the girl's feathers, drop.

Next we started selling pop an candy, and our ex-president got the bright idea that we sell are old stock. did we get the stares and glares! and glares! Our Sal-

...didn't ... we wouldn't be stopped by such ... stuck with ... and ... Our sales went up.

Then came the last advertisements of class pins. Along, with them, the declarations that "they are swell", "Oh, they look like him", and "well". Don't you think we need something to remind us of our school days? Come on gang lets buy 'em.

Oh yes, I almost forgot, our high and mighty officers are: president, Sandy Cleve; vice-president, Dave Hannaford; Secretary, Jessie Beaulieu; student council, Lee Hobbs and our class reporters: Doris Ballows and assistant, Carrie Lent.

Well, at present there is little more damage to be done. So, adieu until next time.

Sophomores

The Eagles business ends
The officers of the Sophomores class are as follows; President, Gus Carlson; Vice- President, Irving Haight; Secretary-Treasurer, Betty Trueblood; Student Body Council, Morton Bradshaw; Class reporter, Marcine Haselton.

Our class had it's picture taken Wednesday and are we cute? We look rather down - hearted, but don't take us wrong. It was just the sun, in our eyes.

Our Freshmen initiation was held in the Grange Hall. Our gym was under construction at the time. It was a great success. Look who put it on! And did those Freshies look cute when we got through with them!

The Sophomores took part in the debate in the World History class, on Friday. The debates proved to be very interesting.

Mr. Davies, while proceeding to conduct an Orientation discussion, was impressing upon the pupils' so-called minds, how important it was for everyone to have emotions. He plainly asked the question, "What would a fellow be if he didn't have an emotion, such as love?" He was not expecting any answers, of this type anyway, when Sammy Goy piped up with, "He'd be a bachelor."

The Grange welcomes all neighbors to a basket Thanksgiving dinner in the after-noon on November 23rd. Plan to eat and visit with the rest of the folks.

Thanksgiving's
just a pain
in the neck

PERSONALS

Chester Robertson, graduate of 1939, has been ill since Sunday, November fifth, with a severe case of influenza.

Audrey Knighten, Frances and Marie Davidson, high school students, have also been ill with the flu.

Janet Hurd spent the Armistice week-end with a girl friend in Medford.

Sandy Clave went duck hunting up the river with Mr. Gosnell

The local organization for Red Cross work was held at Mrs. Annie Clave's house. The further meetings are to be every Wednesday afternoon at the Grange Hall.

Bea Caster, who has been picking turkeys, has been missed from her classes for several days.

There was an extraordinarily big crowd at the Casis Saturday night. This event was in celebration of Armistice.

There was also a large crowd out from Eagle Point to the Lake Creek pie social.

Henry Holman, a graduate of '39, visited school last Friday.

Luceille Vicaux and Edith Hoeft spent Monday night with Mary Harnish and Joan Holmes.

Mr. Will Coy, brother of Mrs. Frances Campbell, passed away Saturday evening at nine o'clock at the Sacred Heart Hospital in Medford

The party line listen-inners are wondering why Eddie Dahack doesn't have a private phone installed for special girlfriend use.

What do you Want for Thirty-Five c

Towel service for all Physical Ed., students, will be started soon. Service of towels includes extra clean towels regularly when needed. The student trades in his used towel for a clean one. The entire cost for one whole year is only 35¢. Sandy Glave is acting as Treasurer. Sandy requests that he have the fees early so arrangements can be made to take care of all who wish this service.

The Parent-Teacher's Association met Friday, November 10, at the High School Building for regular business. This organization is doing a valuable service for the school. It's a quiet organization generally, and is known mostly by the good effects it produces.

The school now owns a silent talking film projector. Students seem to enjoy it in the class room. The subjects used are instructive, and are not intended to be entertaining. No Mickey Mouse! and, there probably won't be.

Dear Editor:

We, the co-columnists on the S.O.C.E. Siskiyou, greet you and your staff. You have a very efficient staff of workers on your paper as it is evident that much work is done by the students.

We like very much the looks of your office and equipment. That means a lot in the successful issue of a good paper.

James Curtis and Lee O'Hara

Stringed Ensemble plays at Eagle-High

Miss Lucie Landon and her stringed ensemble entertained the student body of Eagle Point schools Nov. 16, 1939. They played classical music for half an hour in the Gym (It sure smells!)

Those present in the string ensemble were; Leslie Segsworth; Lois Firestone; Lois White; Lee Wilson; Edna Hash; Evelyn Aikens.

They were transported by Ralph Lamb, formerly of Eagle Point, Lee O'Hara, James Curtis, and Dr. Strange of the S.O.C.E. faculty.

J.C.

Dear Editor:

I would like very much to have a copy of your paper sent to me. Send it to James E. Curtis, Siskiyou Staff Southern Oregon College of Education, Ashland, Oregon. I would appreciate it very much. If you wish I will send you one of our "SISKIYOU'S".

Make that two copies.

BASKETBALL PRACTICE BEGINS

STUDENT BODY FORM ASSEMBLIES

The first basket ball practice of the season is scheduled for the thirteenth day of November. A large turnout is expected with all of last year's men back again and the addition of new ones.

Practice will be supervised by Mr. Gosnell this year.

In addition to Harnish, last year's star, we have the veterans, Hobbs, Vestal, Dehack, Bellows, Taylor, and Haight with us again this year and several new prospects who may "pop out" well.

Quinton L.: Did you ever row a bicycle?

Ray E.: You're crazy! People don't row bicycles.

Quinton L.: That's funny, I rode one.

Are everyone here of our singing assemblies on Thursday mornings? We have a new custom orchestra days now; we all clear our throats as soon as the business part of Assembly is over and under the direction of Mr. Millard or Mr. May, we open our mouths widely and emit sounds which can be heard away over in the grade school building.

JEFFERSON'S DICTIONARY

Box phone--an ill wind nobody blows good.
 Deaf--the roughest distance between two points.
 Egg--a sign used to make people think you know more than you do.
 Egg--a round about way of expressing affection.
 Follet--a sailor's little boy.
 Tower of Babbie--where Solomon kept all his wives.
 Skeleton--bones with all the people stepped off.

Under the spreading chestnut tree
 The village blacksmith sat.
 He chewed his cud like an old cow
 Would, and on a fly he spat.
 He looked around, both up and down
 Took off his old slouch hat,
 He shook his head and then he said
 "Where in heck's my business at"

"Wame"

I with I with a wattle egg away up
 in a tree.
 I with I with a wattle egg ath bad
 ath bad could be,
 And if thome naughty boy should
 come out
 And throw a rock at me,
 I'd thumash him with my wattle
 Thelf, and cover him with me.
